

How to Invite Users to Like Your Page from a Liked Post

1. In order to use this feature, first go to a previously published post from your page.
2. You can view who has reacted to the post by clicking the names that are listed above the comment box.

3. Once clicked, you can view who has reacted to your post and whether these users have "liked" your page. If they haven't, you can invite them to "like" your page using the buttons that are provided.

4. In addition, you can “like” other business pages from your posts as well.
